

Guise

The light emanates from the piece of glass, while the source remains invisible. With this approach Guise achieves a magical effect and at the same time is fully functional. Because of the transparency of the glass when switched off the lamp almost disappears. When switched on it expresses a luminous and almost magnetic presence.

Technical details

Code	Guise	Lamp	LED
Finish options	Matt white/Graphite	Beam options	-
Dimensions	Shown Above	Lumen output	-
Material	Glass & ABS	Colour temp	3000 K
Net Weight	-	Colour rendering	90
IP rating	IP20	Power source	250V 50/60Hz
UGR	-	Power consumption	-
Operating temps	-	Accessories	-
